That sounds good to me, and are all things I'd like to cover as well. Thanks for sharing.

The things that come to mind are:

- Hatchery (common approach for Deschutes and Budd TMDLs)
- Capitol Lake (common approach for Deschutes and Budd TMDLs)
- Any updates on Deschutes approach and/or schedule?
- GEMSS model runs (previous e-mail thread)
- Any questions on Deschutes files?

Hi Leanne and Andrew,

Do either of you have specific items you'd like to add to an agenda for our call tomorrow, or would you prefer we just chat more informally? Either way is fine for me. If there is anything I should prepare for, let me know.

Thanks,
